

BLANKETS FOR CANADA

Society Inc

How do we help keep Canadians warm on the cold winter nights, and some summer ones too?

The secret is crocheting or knitting an 8" x 8" (20cm x 20cm) square.

Then sew them together, 6 squares wide by 8 squares high.

That's right, just 48 squares will make a blanket 48" x 64" (120cm x 160cm).

That's how we are "Warming Canadians" .

When the blankets are finished, they will be distributed FREE to the agencies that work with the people without shelter in your area.
